KEY TERMS TO REMEMBER

COINSURANCE

The amount or percentage that you pay for certain covered health care services under your health plan. This is typically the amount paid after a deductible is met and can vary based on the plan design.

DEDUCTIBLE

Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.

COPAY & COINSURANCE

A copay is a flat fee that you pay toward the cost of covered medical services. Coinsurance is a percentage that you pay for covered services while your insurance picks up the rest of the bill.

BALANCE BILLING

Provider bills for the difference between the provider's charge and the allowed amount. Do not agree to balanced billing and immediately reach out to APA for physician claims and ELAP for hospital claims if you receive a balanced bill.

OPEN ACCESS PLAN

Unlike other medical insurance plans, there is no required limited network. Any doctor or specialist can be seen at your regular copay/coinsured amount for a covered service.

PREAUTHORIZATION

A decision by your health plan that a service, plan, prescription drug or durable medical equipment is medically necessary and if it will be approved to be paid. Your physician should request the preauthorization for you.

PLAN YEAR

A plan year is the 12-month period your benefits coverage lasts, at the end one plan year and start of another deductibles, max out of pocket, and allowances reset. All benefits in this guide run in a plan year that coincides with the calendar year except as noted. If you start midway through the year such as a new employee or through a qualifying event your plan year will still end with the group's plan year.

This enrollment booklet is a summary description of your benefits. If there is a discrepancy between these summaries and the written legal plan documents, the plan documents shall prevail. This booklet and plan summaries do not constitute a contract of employment. These plans are provided by your employer and employer's insurance broker. Although every effort has been made to provide complete and accurate information, we make no warranties, express or implied, or representations as to the accuracy of content on this booklet. We assume no liability or responsibility for any error or omissions in the information contained in the booklet. View your plan summaries online at <http://hcfacilitybenefits.com>.

QUALIFYING EVENTS

Eligible employees may enroll or make changes to their benefits elections during the annual open enrollment period. As with most benefits, once you elect an option you are bound to that choice for the entire plan year unless you experience a "Qualifying Event".

These may include, but not limited to: Changes in employment status, legal marital status or number of dependents, taking an unpaid leave of absence, Dependent satisfies or ceases to satisfy eligibility requirement, a COBRA-qualifying event, Entitlement to Medicare or Medicaid, or a change in the place of residence of the employee, resulting in the current carrier not being available.

THINGS TO CONSIDER

Consider your personal situation and the difference between the plan options and their costs when making your decision. You may also elect to waive coverage

Ask yourself the following questions

- Will your current doctor be in or out-of-network?
- Do you have any planned surgeries this year?
- How many family members will you cover?
- How often do you visit the doctor?
- Are you planning to have a baby this year?

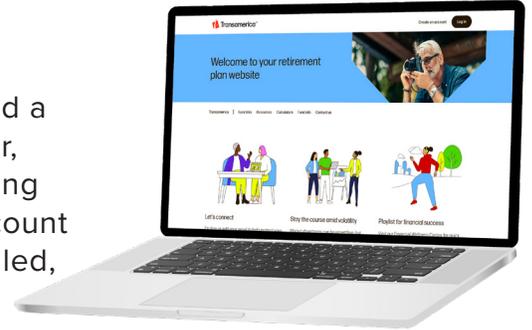

By reading this guide cover to cover, you will become familiar with your benefits options. After enrolling, verify that your payroll deductions are correct. If not, please contact your payroll representative.

An Innovative Solution for Optimal Health Insurance Coverage

- **What It Is:** Benefits All In is an innovative service designed to ensure you and your family are enrolled in the health insurance plan that best meets your specific needs and circumstances.
- **How It Works:** During your benefit enrollment process, you'll be presented with a brief questionnaire about yourself and your family. Participation is voluntary, we encourage you to complete it to ensure you're in the most suitable health insurance plan for your situation.
- **Important Note:** Benefits All In is not a health insurance plan itself. If you need health insurance coverage, we highly recommend enrolling in a health insurance plan during your designated enrollment window.
- **What Happens Next:** After you complete both your enrollment and the questionnaire, a Benefits All In (BAI) agent will review your information to determine if there are other health insurance options available that might better suit your needs.
- **How We'll Contact You:** Please watch for phone calls or emails from Carole, Blayne, or Jake from the BAI team. They will reach out only if they've identified potentially better coverage options for you to take advantage of.

Have Questions or Need Assistance?

If you're currently enrolled in health insurance through your employer and believe you may be eligible for an alternative plan, contact a member of the BAI team. Our team can provide additional guidance and even assist with enrollment in a more suitable plan.

Health Savings Accounts (HSA)

A Health Savings Account (HSA) is an easy way to pay for medical, dental & vision expenses that you have today and save for expenses you may have in the future. All contributions are tax-free and can be adjusted as needed through out the year.

Individuals may contribute up to \$4,300 per year. Families may contribute up to \$8,550 per year.
Employees 55 and older may contribute an additional \$1,000 per year

Are You Eligible?

The HSA is not for everyone. You're eligible only if you are:

1. Enrolled in a HDHP medical plan.
2. Not enrolled in other non-HDHP medical coverage, including Medicare, Medicaid, Tricare, a spouse's or parent's plan.
3. Not a tax dependent.
4. Not enrolled in a healthcare Flexible Spending Account (FSA).

Four reasons to love an HSA?

- 1. Tax-free.** No federal tax on contributions, or state tax in most states. Withdrawals are also tax-free as long as they're for eligible healthcare, dental & vision expenses.
- 2. No "use it or lose it."** Your balance rolls over from year to year. You own the account and can continue to use it even if you change medical plans or leave the company.
- 3. Use it now or later.** Use your HSA for healthcare expenses you have today or save it to use in the future.
- 4. Boosts retirement savings.** After you retire, you can use your HSA for healthcare expenses tax-free, or for regular living expenses, taxable but without penalties.

Healthcare Flexible Spending Accounts (FSA)

A healthcare FSA allows you to set aside up to \$3,000 tax-free to pay for healthcare expenses you expect to have over the current plan year. Your contributions are fixed for the year (unless you have a qualifying event), the benefit must be re-elected each year, and any leftover balance in your account is forfeit at the end of the year or if you leave your current employer.

You don't have to enroll in one of our medical plans to participate in the healthcare FSA. If you or your spouse are enrolled in a high deductible health plan, you would not be eligible for an FSA:

Check flexfacts.com/eligible-expenses for a list of eligible HSA & FSA expenses.

Dependent Care Flexible Spending Accounts (DCFSA)

Set aside up to \$5,000 before taxes to cover eligible expenses for your dependents. Eligible expenses include not only child-care, but also before and after school care programs, preschool, summer day camp for children under age 13, and day care for a spouse or other adult dependent who lives with you and is physically or mentally incapable of self-care

Estimate carefully! You can't change your DCFSA election amount mid-year unless you experience a qualifying event. Money contributed to a dependent care FSA must be used for expenses incurred during the same plan year. All unspent funds will be forfeited.

For eligible expenses go to fsafeds.gov/explore/dcfsa/expenses

How Maximum Rollover Works

Depending on the plan's annual maximum, an individual's claims dollars for the year must not exceed a certain amount called the "threshold". If the threshold is not exceeded, an individual can rollover the set Maximum Rollover Amount that is pre-determined based on the annual maximum. More money is rolled over if in-network dentists are used exclusively during the benefit year. The Maximum Rollover Limit is the most money that can be kept in the Maximum Rollover Account.

Consider the following example: if a plan's annual maximum is \$1,500, up to \$500 of unused annual maximum could be rolled over to the next year as long as in-network dentists are used exclusively and annual claims do not exceed \$700. In this case, the Maximum Rollover Account Limit would be \$1,250.

Key Facts on Maximum Rollover

If an amount has been rolled over into an individual's MRA and a claim for preventive services is not submitted the following benefit year, the member will not lose the amount currently in his/her MRA amount.

The Maximum Rollover feature starts as of the first full benefit year. The Maximum Rollover feature applies to new entrants who join the plan with 3 months or less remaining in the benefit year, as of the next benefit year.

CONSOLIDATED OMNIBUS BUDGET RECONCILIATION ACT OF 1985

The right to COBRA continuation coverage was created by federal law, so that you and your covered dependents may continue your employer-sponsored benefits coverage at full costs (plus an administrative fee). After a qualifying event, COBRA continuation coverage must be offered to each qualified beneficiary. You, your spouse and your dependent children could become qualified beneficiaries if coverage under the Plan is lost as a result of a qualifying event. If you're an employee, you'll become a qualified beneficiary if you lose your coverage for either of these reasons:

- Your hours of employment are reduced
 - Your employment ends for any reason other than your gross misconduct.
- If you're the spouse/ dependent of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan for any of these reasons:
- Your spouse/parent dies
 - Your spouse/parent's hours of employment is reduced
 - Your spouse/parent's employment ends for reasons other than his or her gross misconduct
 - Your spouse/parent is retired and becomes entitled to Medicare benefits
 - You are divorced or legally separated from your spouse
 - Child is no longer eligible for coverage under the Plan as a dependent child.

The period for which coverage may continue will depend on the qualifying event. When the event is death of the employee, entitlement to Medicare benefits, divorce or separation, or child's loss of dependent eligibility, COBRA continuation coverage remains in effect for up to 36 months. With some exceptions, when the qualifying event is the end of employment or reduction in hours, COBRA continuation generally lasts for only up to 18 months.
